### About Network For EdWork

TAF's Network for EdWork (NWEW) develops collaborative partnerships with and among districts, schools, higher education, nonprofits, and government to close gaps in recruitment, encourage retention, develop internal and external competencies, and foster the promotion of BIPOC educators and education leaders in order to become more representative of their student populations. Supporting and connecting BIPOC educators and leaders is essential to creating education spaces where students of color - and thereby all students - thrive.
